

BBS Production Extension for Microsoft Dynamics 365 Business Central

This application provides users with the new features for the Production model, for the Microsoft Dynamics 365 Business Central application.

After implementation of this application, Microsoft Dynamics 365 Business Central users e.g. can easily reopen Finished Production Order, and after that find it as Released Production Order.

Benefits of using the extension:

- The BBS Production Extension is prepared as an application extension that can be easily installed and used for every market where the client uses a Production module i.e. has the licence for Premium edition of Microsoft Dynamics 365 Business Central.
- With the BBS Production Extension users can easily correct wrong Consumptions and quantity of Finished product.
- This application extension is secure and reliable.

Developed by Microsoft Partner with a great knowledge and experience on local ERP market, for more than 18 years.
